HY380 MINI SKID STEER LOADER

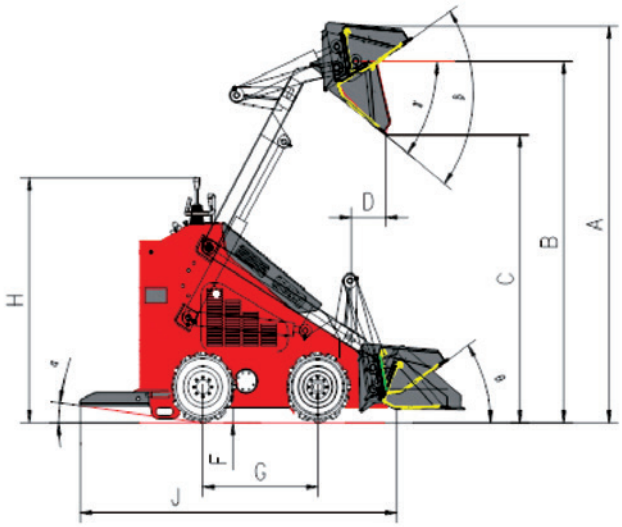
HYSOON

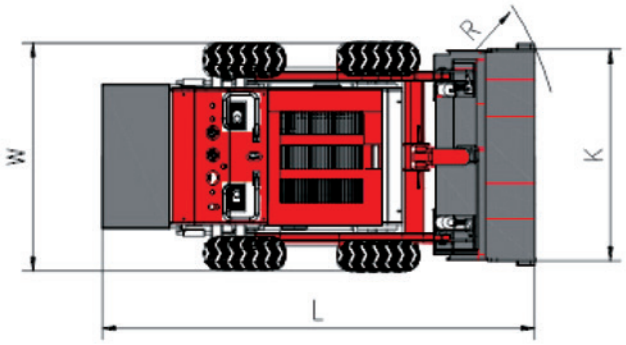
HY380 mini skid steer loader has been redesigned to provide greater productivity on the job site . The loader processes easier operating , greater tipping capacities and a higher dumping height . The White drive motor provide the machine a higher torque . Four -Wheel drive enables the machines to work in a variety of situation.

HY380 MINI SKID STEER LOADER

HYSOON

HY380 main specification





Item	Metric	Inch	Item	Metric	Inch
Max working height (A)	2143mm	84.37 inch	Total height (H)	1233 mm	48.54 inch
Max pin height (B)	1884 mm	74.17 inch	The height from the ground (F)	118mm	4.65 inch
Max dump height (C)	1488 mm	58.58 inch	Wheelbase (G)	636 mm	25.0 inch
The highest point discharge distance (D)	348 mm	13.7 inch	No bucket length (J)	1752 mm	69.0 inch
Bucket swing angle (β)	55°	55°	Total width (W)	1150 mm	45.3inch
Bucket unloading angle (γ)	30°	30°	Bucket width (K)	1150 mm	45.3 inch
Opening-closing angle (θ)	25°	25°	Total length (L) (with bucket)	2206 mm	86.9 inch
Angle of departure (α)	11°	11°	Turning radius (R)	1307 mm	51.5 inch

Main performance parameter :

Engine	Rated power		Briggs&Stratton 23HP		
	Rotating speed (rpm)		3300		
Noise (Db)			≤95		
Hydraulic System	Hydraulic pressure (Mpa)		17MPA		
	Cycle time (s)		Raise	Dump	Lower
			4.27	1.34	3.31
Performance parameters		Metric		inch	
	Load weight (kg)	200 Kg		441 Lb	
	Bucket capacity	0.15 m^3		5.33 ft^3	
	Max lifting power	375 Kg		827 Lb	
	speed	0-5.5 Km/h		0-3.4 mlie/h	
	Operating weight	890kg		1958lb	
Tire type	Engineering tire	18*8.5-8
